

## JF - ENROLLMENT POLICY

It is the policy of the Board that all students enrolling in school must do so on a full-time basis. "Full-time basis" shall be defined as attending classes for the full instructional day within the public school system or in conjunction with another state-accredited institution such as vocational/technical school or a college or university for concurrent enrollment.

The only exception to this policy shall be for fifth-year seniors, special education students whose IEPs require variations of student schedules, and students in other approved alternative programs such as work study.
